

2 Motor Massage System

OWNER'S MANUAL and OPERATING INSTRUCTIONS

1. Before applying electrical power to your InSeat™ Massage System, place both UPPER and LOWER massage switches in the OFF position.
2. Plug cord from AC Adaptor into mating receptacle extending from your InSeat™ product. Plug Adaptor body into wall outlet [120VAC 60Hz power].
3. Sit or lie in a comfortable position on your InSeat™ product.
4. Move UPPER massage switch to ON position. You will experience a steady massage action in Zone 1.
5. Push UPPER switch further to the PULSE position. Note the repetitive pulsing massage action.
6. Turn UPPER switch OFF, repeat steps 4 and 5 using the LOWER massage switch. The massage will now be felt in Zone 2.
7. Now set both UPPER and LOWER switches to PULSE position. Both massage areas are now pulsing together.

You now have completed all of the operational choices provided on your InSeat™ product. To indulge in the ultimate combination, select any of the above desired modes for massage.

IMPORTANT SAFETY INSTRUCTIONS

Read all instructions before using the InSeat™ System or the Relaxor® products.

DANGER!

To reduce risk of electric shock.

1. Always unplug the product from the electrical outlet immediately after using and before cleaning.
2. Do not reach for a product that has fallen into water. Unplug immediately.
3. Do not use while bathing or in a shower.

WARNING!

To reduce risk of burns, fire, electric shock, or injury to persons.

1. Your InSeat™ product should never be left unattended when plugged in. Unplug from outlet when not in use, and before putting on or taking off parts.
2. Use this product only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
3. Never operate the InSeat™ product if it has a damaged cord or plug, or if it is not working properly. If it has been dropped or damaged, or dropped into water. Contact your dealer for instructions on returning it for examination and repair.
4. Close supervision is necessary when this appliance is used by, on, or near children or disabled persons.
5. Do not use outdoors.
6. Keep the cord away from heated surfaces.
7. Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
8. If you are subject to any medical condition involving the use of medical device products, and/or if you are under a health professional or physician's care, please contact them before using this product.
